KORUMBURRA SECONDARY COLLEGE

COMMUNITY SERVICE

OVERVIEW
Community Service commenced as an activity at Korumburra Secondary College in 1985. Each of the Year 7 and 8 Form Groups take part once in Community Service on the rotational basis of one Form each full term. This occurs parallel to the Sports Education program. The year 7 and 8 students gain a genuine sense of care and develop valuable inter-personal skills.

BENEFITS
1. Community Service is an excellent public relations activity which promotes Korumburra Secondary College in a most positive light.
2. Community Service develops networks and support frameworks in our town.
3. Community Service emphasises our school motto *Quality Education in a Caring Community*.
4. Community Service enables our year 7 and 8 students to work with a range of people from the very young to the very old.
5. Community Service allows our students to develop a strong awareness of community needs and services.
6. Community Service involvement develops in our students strong feelings about being valuable, worthwhile and helpful.
7. Community Service participation will raise the self-esteem levels of students involved.
8. Community Service develops in our students a caring and sensitive attitude towards others, particularly those different from themselves.
9. Community Service gives our students in year 7 and 8 opportunities to develop practical and beneficial work experience skills which can be developed and built upon in future years.
10. Community Service enables participating students to further enhance their cooperative skills and allows them to work in valuable team situations.

PARTICIPATING ORGANISATIONS
